

Sign connections

A sign fixing system with almost limitless possibilities!

Create stylish design detail quickly and easily with the range of Albion sign connection options.

Featuring components for wall mounted through panel, side grip and ceiling panel grip applications Albion provides the perfect solution with a range of high quality, architecturally designed components.

- Available in a wide choice of durable finishes.
- Special powder coat or anodised finishes are also available to order.

12mm diameter flush mount button fixing

For up to 10mm panel thickness

Panels require 5mm dia. holes

Material	Size	Finish	Code
Aluminium	12mm dia.	Silver anodised	6533/SA
Aluminium	12mm dia.	Brass anodised	6533/BA
Aluminium	12mm dia.	Stainless anodised	6533/STA
Stainless steel	12mm dia.	Mirror polished	6533/PS
Stainless steel	12mm dia.	Satin polished	6533/SS

19mm diameter flush mount button fixing

For up to 10mm panel thickness

Panels require 5mm dia. holes

Material	Size	Finish	Code
Aluminium	19mm dia.	Silver anodised	6534/SA
Aluminium	19mm dia.	Brass anodised	6534/BA
Aluminium	19mm dia.	Stainless anodised	6534/STA
Stainless steel	19mm dia.	Mirror polished	6534/PS
Stainless steel	19mm dia.	Satin polished	6534/SS

19mm diameter button

19mm dia. button with M4 grub screw to one face

Finish	Size	Code
Silver anodised	19mm dia.	6517/SA
Brass anodised	19mm dia.	6517/BA

12mm diameter through hole panel supports with 20mm standoff

For 2 - 12mm panels

Panels require 9mm dia. holes

Material	Size	Finish	Code
Aluminium	20mm projection	Silver anodised	6523/SA
Aluminium	20mm projection	Brass anodised	6523/BA
Aluminium	20mm projection	Black anodised	6523/MB
Aluminium	20mm projection	Stainless anodised	6523/STA
Brass	20mm projection	Polished & lacquered	6523/PL
Stainless steel	20mm projection	Mirror polished	6523/PS
Stainless steel	20mm projection	Satin polished	6523/SS

19mm diameter through hole panel supports with 25mm standoff

For 2 - 12mm panels

Panels require 12mm dia. holes

Material	Size	Finish	Code
Aluminium	25mm projection	Silver anodised	6624/SA
Aluminium	25mm projection	Brass anodised	6624/BA
Aluminium	25mm projection	Stainless anodised	6624/STA
Stainless steel	25mm projection	Mirror polished	6624/PS
Stainless steel	25mm projection	Satin polished	6624/SS

19mm diameter through hole panel support with 50mm standoff

For 2 - 12mm panels
Panels require 12mm dia. holes

Material	Size	Finish	Code
Aluminium	50mm projection	Silver anodised	6627/SA
Aluminium	50mm projection	Brass anodised	6627/BA
Aluminium	50mm projection	Stainless anodised	6627/STA
Stainless steel	50mm projection	Mirror polished	6627/PS
Stainless steel	50mm projection	Satin polished	6627/SS

30mm diameter through hole panel support with 25mm standoff

For 2 - 12mm panels

Panels require 15mm dia. holes

Material	Size	Finish	Code
Aluminium	25mm projection	Silver anodised	6628/SA
Aluminium	25mm projection	Brass anodised	6628/BA
Aluminium	25mm projection	Stainless anodised	6628/STA
Stainless steel	25mm projection	Mirror polished	6628/PS
Stainless steel	25mm projection	Satin polished	6628/SS

30mm diameter through hole panel support with 50mm standoff

For 2 - 12mm panels

Panels require 15mm dia. holes

Material	Size	Finish	Code
Aluminium	50mm projection	Silver anodised	6531/SA
Aluminium	50mm projection	Stainless anodised	6531/STA
Stainless steel	50mm projection	Mirror polished	6531/PS
Stainless steel	50mm projection	Satin polished	6531/SS

30mm diameter through hole panel support with 100mm standoff

For 2 - 12mm panels

Panels require 15mm dia. holes

Material	Size	Finish	Code
Aluminium	100mm projection	Silver anodised	6532/SA
Aluminium	100mm projection	Stainless anodised	6532/STA
Stainless steel	100mm projection	Mirror polished	6532/PS
Stainless steel	100mm projection	Satin polished	6532/SS

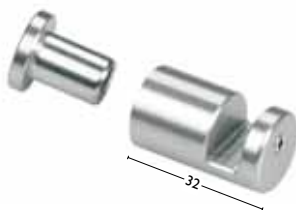

19mm diameter wall mounted side grip panel supports

For up to 3mm panel thickness

Material	Size	Finish	Code
Aluminium	25mm projection	Silver anodised	6520/SA
Aluminium	25mm projection	Brass anodised	6520/BA
Aluminium	25mm projection	Stainless anodised	6520/STA

19mm diameter wall mounted side grip panel supports

For up to 6mm panel thickness

Material	Size	Finish	Code
Aluminium	25mm projection	Silver anodised	6522/SA
Aluminium	25mm projection	Brass anodised	6522/BA
Aluminium	25mm projection	Stainless anodised	6522/STA

30mm diameter wall mounted side grip panel supports

For up to 6mm panel thickness

Material	Size	Finish	Code
Aluminium	20mm projection	Silver anodised	6529/SA
Aluminium	20mm projection	Brass anodised	6529/BA
Aluminium	20mm projection	Stainless anodised	6529/STA

30mm diameter wall mounted side grip panel supports

For up to 12mm panel thickness

Material	Size	Finish	Code
Aluminium	20mm projection	Silver anodised	6530/SA
Aluminium	20mm projection	Brass anodised	6530/BA
Aluminium	20mm projection	Stainless anodised	6530/STA

For up to 5mm panel thickness

12mm diameter wall/ceiling panel grip

Material	Size	Finish	Code
Aluminium	12mm dia.	Silver anodised	6535/SA
Aluminium	12mm dia.	Brass anodised	6535/BA
Aluminium	12mm dia.	Stainless anodised	6535/STA

For up to 8mm panel thickness

c/w nylon tipped screw

19mm diameter wall/ceiling panel grip

Material	Size	Finish	Code
Aluminium	19mm dia.	Silver anodised	6521/SA
Aluminium	19mm dia.	Brass anodised	6521/BA
Aluminium	19mm dia.	Stainless anodised	6521/STA

For up to 12mm panel thickness

c/w nylon tipped screw

25mm diameter wall/ceiling panel grip

Material	Size	Finish	Code
Aluminium	25mm dia.	Silver anodised	6526/SA
Aluminium	25mm dia.	Brass anodised	6526/BA
Aluminium	25mm dia.	Stainless anodised	6526/STA

19mm dia. rubber washer

For use with 6624/6627

19mm diameter rubber washer

Finish	Size	Code
Black	19mm dia.	RW19

30mm dia. rubber washer

For use with 6628/6531/6532

30mm diameter rubber washer

Finish	Size	Code
Black	30mm dia.	RW30
